Ethics & Compliance Portal

Employee Awareness and Engagement

Give Your Ethics and Compliance Program a Home

What if there was one place for every employee, contractor or vendor to go to understand your organization’s commitment to ethics and compliance? How many more employees would know where to turn for guidance when making important decisions?

Convercent’s Ethics & Compliance Portal provides a unique user experience for your employees that guides them to the most helpful information right when they need it, in an easily consumable format. It’s like upgrading your workforce from a paper map to a GPS for ethics.

- One central, branded place for employees to engage with your program.
- Easily update your portal to adjust your code of conduct or provide context to both internal and external events that impact your organization.
- Communicate more effectively with videos, online chat and links to Ethics & Compliance applications for easy access.
- Identify key risk areas sooner with deep, engagement-based analytics.
- Address areas of high-risk by sending targeted messages to employees, directing them to relevant training or other materials.

Transform your code of conduct into an interactive portal that helps create ‘buy-in’ and guide employees to the most helpful information right when they need it. When employees understand the ‘why’ behind your policies, compliance increases. When they see the people and passion behind your program, that’s when true partnership happens. Our platform provides a variety of ways to communicate key information in interesting ways.
A True End-to-End Solution

From proactive risk mitigation, to targeted content distribution, to ongoing employee engagement.

Awareness Campaigns

Boost the Ethics and Compliance Awareness Within Your Organization.

• Focus on reinforcing your portal as the one place to go that’s easy for employees to find and remember.
• Distribute targeted, relevant messages to your workforce that drive them to relevant content throughout the year.
• Automate your campaigns days or weeks in advance so that you can focus your time on what really matters.

The Digital Experience

Stimulate Employee Engagement and Employee Interaction.

• Create an interactive and appealing digital experience that educates your employee base and promotes engagement with your E&C program.
• Promote key topics such as company values, speak up culture, and ethical decision making.
• Organize and display critical Ethics & Compliance policies and regulations in order to increase employee comprehension and achieve long-term behavioral changes.

Analytics and Improvement

Continuous Improvement Aided by Data Analytics.

• Utilize the unique data from your awareness campaigns and online activity to get a new understanding of risks before they hit your helpline.
• Analyze low-performing areas and proactively reintroduce these concepts in order to emphasize, target, and reinforce necessary topics.
